Saroj Kumar Rokaya

I am an aspiring IT student with a strong passion for IT industry knowledge. I am eager to learn and grow in this field, focusing on delivering effective services and becoming familiar with frontend technology (HTML, Tailwind, react, Next) and other languages (C, C++, JS)

TRAINING/CERTIFICATIONS

Web development bootcamp
HP Tech / 2024

Completed an intensive bootcamp at HP Tech, gaining hands-on experience in HTML, CSS, and JavaScript. Developed skills in creating responsive and dynamic web pages through practical projects.

React JS
Code IT / 2024

Successfully completed a React JS course at Code IT. Acquired practical experience in building interactive and responsive web applications using React JS.

Customized CISCO Networking Training
Laba Pvt. Ltd. / 2022

Through hands-on experience in network fundamentals via practical lab sessions, I have significantly enhanced my understanding of network operations, confidently applying theoretical knowledge to real-world scenarios.

Computer Hardware Technician
CTEVT (College of Employment) / 2023

After completing the Computer Hardware Technician training at CTEVT, I gained extensive knowledge of computer hardware components, assembly, and troubleshooting, enhancing my technical expertise and problem-solving abilities.

PROJECTS

Library Management System

I developed a library system in C, allowing users to manage book inventory with add, view, search, update, and delete functions. This project improved my programming skills and gave me practical data management experience.

ER-Skills

ER-Skills is a website showcasing projects developed with React.js. It demonstrates my expertise in frontend development, featuring applications that highlight skills in HTML, CSS, JavaScript, and responsive design

Dentamedi Healthcare

I am confident in utilizing Tailwind CSS and React to develop the Dentamedi project, which aims to streamline dental clinic management through a user-friendly appointment scheduling interface.
